

Dear parents and carers,

We are writing to inform you of the vital problem of single-use plastic. As you may already know, plastic has become a huge threat to animals, oceans, coral and of course plays a massive part in global warming.

Recently, Freshford School has created a team of children ranging from 4-11 years, who together are willing to make a committee of creating a plastic-free school.

Our team consists of children in several groups, each with different jobs: checking the trash, packed-lunch monitoring, classroom check and communication (letters and assemblies).

We plead that you do not include single-use plastic in your child's packed lunch, such as plastic bags, crisp packets, plastics wrapping (e.g. cling film) and junk food (crisps, chocolate, etc) which we do not expect to see in school anyway.

If you have any further questions, please ask a member of our team in key stage 2: Maggie Christmas, Chloe Barrington, Emelia Joynt, Sophia Gingell-Ward, Felicity Hurst, Amelie Jackson, Bethan Ritchie, Minna Alt-Reuss, Ella Spicer, Evie Thompson, Hector Pilkington and Sebi Sibson. There are many more members of the key stage 2 Surfers Against Sewage team. If your key stage 2 child is in the plastic group, but is not listed here, or their name is spelt incorrectly ,

please make sure they (or you) tell us in or out of school so we can sort it out.

All new members are warmly welcomed with open arms.

Yours sincerely,

*Chloe Barrington* *Emelia Joynt* *Minna Alt-Reuss*  
Chloe Barrington, Emelia Joynt and Minna Alt-Reuss

The Communication Team
